

INSULATION AND REFRACTORY ACCESSORIES

	Category	Item Description
	Suitable for: <ul style="list-style-type: none"> - Hot Insulation - Cold Insulation - Refractory 	Bandings and Wing Seals <ul style="list-style-type: none"> - Materials available: Stainless Steel (SS304, SS316, etc.), Galv. Steel and Others. - Widths: 13mm, 19mm (in stock). Other sizes are also available. (Customization, according to project specifications, is also available through our OEM suppliers, on indent basis).
	Suitable for: <ul style="list-style-type: none"> - Hot Insulation - Cold Insulation - Refractory 	Tie-Wires <ul style="list-style-type: none"> - Materials available: Stainless Steel (S304, SS316, etc.), Galv. Steel etc. - Diameters: 1.0, 1.2, 1.6mm (in stock). Other thicknesses are available on indent basis. (Customization, according to project specifications, is also available through our OEM suppliers, on indent basis).
	Suitable for: <ul style="list-style-type: none"> - Hot Insulation - Cold Insulation - Refractory 	Welded mesh and wire netting <ul style="list-style-type: none"> - Various mesh opening sizes and wire thickness are available. - Materials available: Stainless Steel (S304, SS316, etc.), Galv. Steel etc. (Customization, according to project specifications, is also available through our OEM suppliers, on indent basis).
	Suitable for: <ul style="list-style-type: none"> - Hot Insulation - Cold Insulation - Refractory 	Perforated sheet and Expanded Metal sheet <ul style="list-style-type: none"> - Various holes openings and shapes, spacing (for perforated sheets) and sheet thickness are available. - Materials available: Stainless Steel (S304, SS316, etc.), Galv. Steel etc. (Customization, according to project specifications, is also available through our OEM suppliers, on indent basis).

	Category	Item Description
	<p>Suitable for:</p> <ul style="list-style-type: none"> - Hot Insulation - Cold Insulation - Refractory 	<p>Jacketing and Claddings</p> <ul style="list-style-type: none"> - Available in mother coils (de-coiling will be at extra charge), sheet and roll form. - Stainless Steel (various grades) in various finishing (plain, 2B finish, etc.) - Aluminium (various grades) in various finishing (plain, stucco embossed, polykraft laminated, polysurlyn laminated,). - Galvanized Steel, Aluzinc, PVC and Others. - Corrugated sheets, Profiled sheets, Pre-colour coated sheets. - We also fabricate various jacketing/cladding, PP cages and boxes for various pipe sizes, equipment, flanges, valves, elbows etc. <p>(Customization, according to project specifications, is also available through our OEM suppliers, on indent basis).</p>
	<p>Suitable for:</p> <ul style="list-style-type: none"> - Hot Insulation - Cold Insulation - Refractory 	<p>Toggle Latch, Lacing Hooks and Anchors</p> <ul style="list-style-type: none"> - Materials available: Stainless Steel (S304, SS316, etc.), Galv. Steel and Others. <p>(Customization, according to project specifications, is also available through our OEM suppliers, on indent basis).</p>
	<p>Suitable for:</p> <ul style="list-style-type: none"> - Hot Insulation - Cold Insulation - Refractory 	<p>Screws and washers, Bolts and nuts</p> <ul style="list-style-type: none"> - Various screw types (self-tapping, self-drilling etc.), head (Philips pan, Pozi pan etc.), sizes and lengths are available. - Various configurations of bolts and nuts, according to project requirements, are available. - We keep Philips pan-head self-tapping screw size: #8 x 13mm with or without washers, and various other types of screws and washers. <p>(Fastening systems, according to project specifications, are available, on indent.)</p>
	<p>Suitable for:</p> <ul style="list-style-type: none"> - Hot Insulation - Cold Insulation 	<p>Aluminium tapes, foils, Filament tapes and Others</p> <ul style="list-style-type: none"> - Other types of insulation tapes are also available.

	Category	Item Description
	Suitable for: <ul style="list-style-type: none"> - Hot Insulation - Refractory 	Insulation pins, washers (plain, spring, round, square, cupped etc.), spindle pins <ul style="list-style-type: none"> - Wide range of configurations and material types (stainless steel, galv. steel, mild steel, aluminium etc.) available. (Customization, according to project specifications, is also available through our OEM suppliers, on indent basis).
		Flat bars, angle bars, etc. <ul style="list-style-type: none"> - Wide range of configurations and material types (stainless steel, galv. steel, mild steel, aluminium etc.) available. (Customization, according to project specifications, is also available through our OEM suppliers, on indent basis).
	Suitable for: <ul style="list-style-type: none"> - Hot Insulation - Refractory 	Refractory anchors (Y, V, welded, twisted etc.), M anchor, ceramic cuplock, lock anchor & washer etc. <ul style="list-style-type: none"> - Wide range of configurations and material types (stainless steel, galv. steel, mild steel, aluminium etc.) available. (Customization, according to project specifications, is also available through our OEM suppliers, on indent basis).
	Suitable for: <ul style="list-style-type: none"> - Hot Insulation - Refractory 	Fiberfrax® range of Insulation and Refractory anchoring systems <ul style="list-style-type: none"> - More details are available through contacting us. - Brand: Unifrax

Did you know? – We have over 30 years of **Fabrication experience** and maintain a team of **Skilled labour** to customize in-house and on site fabrication for Claddings, PP cages, and Boxes for pipes, equipments, flanges, elbows, valves and others.

We also specialise in **Project Materials Supply** as we have been sourcing and maintaining a strong base of suppliers through the years.

New – We can **customize** for you! We have launched our own range of Insulation and Refractory Accessories – under Enercon's own label – **"ECO-THERM"**. – Ask Us Today!

Please check with us if you cannot locate what you need from this product listing.
